APPLICATOR DIRECTIONS:

[ILLUSTRATION] Connect:	<ul style="list-style-type: none">• Connect sprayer to hose.• Turn on water.
[ILLUSTRATION] Spray:	<ul style="list-style-type: none">• To begin spraying, point nozzle in the direction you want to spray.• With thumb slide trigger completely forward to the ON position.• Spray evenly over measured area.
[ILLUSTRATION] Finish:	<ul style="list-style-type: none">• To STOP spraying, slide thumb activation switch backward to OFF position.• Turn off water.• Relieve water pressure by sliding thumb switch to WATER position until water slows to a drip. Then, slide switch back to OFF position.• Disconnect sprayer from hose.

DIRECTIONS FOR USE WEEDS:

Shake well before using. Spray weeds thoroughly as complete coverage is extremely important. The best results are obtained with young, actively growing weeds, less than 12 cm high. Finalsán works best during warm and dry conditions. Application during cold weather may delay appearance of plant damage. If rain falls within 3 hours of treatment, an additional spray may be required. Plant damage will be visible from a few hours to 2 days after spraying. Repeat treatment every 2 to 3 weeks to control new weeds growing from seed and re-growth from bi-annual and perennial weeds. Avoid spraying desirable plants, including lawns. Thoroughly clean equipment after use.

DIRECTIONS FOR USE MOSS AND ALGAE:

Shake well before using. Spray moss and algae thoroughly as complete coverage is extremely important. Plant damage will be visible from a few hours to 2 days after spraying. One application may control moss for up to one year. Repeat treatment if re-growth occurs. Avoid spraying desirable plants. Do not apply to moss or algae in lawns. Thoroughly clean equipment after use.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Causes eye irritation. DO NOT get in eyes. Use only in well ventilated areas. For good hygiene practice, wear gloves when handling this product. Wear goggles or face shield (protective eyewear) during mixing/handling of the concentrate. Protect from freezing. Avoid direct application to ponds, streams and lakes.

Avoid direct application to ponds, streams and lakes.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

Protect from freezing.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

DISPOSAL:

Do not reuse empty container. Dispose of empty container with household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
